Sizes Handbook

Taglie delle

PASTELLI

Come Procedere

- Comparare le caratteristiche fisiche del cliente con le caratteristiche suggerite per ogni singolo modello.
- Nel caso la figura del cliente sia adatta al modello prescelto misurare i fianchi, la vita ed il torace.
- Aggiungere alle misure nette i centimetri necessari per una comoda o aderente vestibilità.
- Trovare la taglia corrispondente e verificarne la disponibilità a listino.
- Attenzione: nel caso in cui il capo venga pulito in lavanderie automatiche e/o sia soggetto a sterilizzazioni frequenti a temperature più alte di quelle suggerite, si consiglia di ordinare una taglia maggiore.

Note Importanti

- Le misure indicate sono da considerarsi indicative.
- Sono da utilizzarsi con attenzione per verificare lo scatto taglia di un modello di campionario o nel caso estremo in cui non sia possibile fare provare alcun capo di campionario al cliente.
- Si declina ogni responsabilità per eventuali errori ed omissioni.
- Tutte le misure sono espresse in cm.
- Tutte le misure si riferiscono al prodotto finito.
- La lunghezza totale è considerata partendo dalla 7° vertebra cervicale.
- La X posta sul campo corporatura significa: modello consigliato.

How to find the correct size

- Check the article characteristics the customer is requiring.
- Measure hips, chest and waist on the unclothed figure.
- Add to the real and net measures of your customer the following data for a perfect fit.
- Check the final measures on the chart and find the corresponding Pastelli size.
- Attention: in case the garment being given to an automatic washing service or needing to undergo sterilisation at more than the suggested temperature (see fabric table) please suggest to customer to increase ordered size by one step.

Notes

- All measures are expressed in cm.
- Total back length is considered taken from the nape of the neck.
- Chest and Hips measures refer to the finished garment.
- X means strongly suggested.
